## MORE LIFE

Jesus offers us a more blessed life than we could ever imagine.

**OPENING QUESTIONS – Use one or both of these questions to connect with others in your group:**

1. What things do you do to pursue happiness?
2. Are these things mainly physical, mental, or spiritual for you?

**KEY POINTS – take a minute to review the key points from this weekend's message**

1. The *pursuit* of happiness does not guarantee happiness
2. There are three types of life: Bios (physical), Psuche (mental), and Zoe (mental, physical AND spiritual)
3. A truly 3D life includes God, Jesus, and the Holy Spirit within us
4. Pursuing Jesus and living life for others more fulfilling and likely to bring us happiness.
5. God is ultimately the only one who can transform you, and all you have to do is ask Him into your life.

**SCRIPTURES USED IN THIS MESSAGE:** John 1:1-14, John 10:10, Matthew 5:1-10

## RESPOND

Talk about a thought, phrase, or moment from this weekend's message that stuck with you. Give a brief reason for why these things stuck with you.

**"The true light that gives light to everyone was coming into the world" John 1:9.**

Read John 1:14. What do you think it means that Jesus gives us light?

**Do you want a half-life or a full life??**

**Read John 10:10.** What would it look like for you to live life to the fullest (Zoe life)?

**Jesus's definition of blessings differs with the world's definition of blessings.**

**Read Matthew 5:1-10** aloud. Contrast the world's version of the road to happiness and fulfillment with what Jesus teaches us.

We live in a broken world. What type of paths via Bios life or Psuche life do many people think will fix it?
